

This assignment is worth up to ten points of extra credit if you missed five (5) or more of the multiple choice questions on Exam I. If you missed 4 or fewer multiple choice questions, you are ineligible and need not complete this assignment.

If you are eligible, I am asking you to re-visit your midterm exam and analyze why you missed some or all of your multiple choice questions. By completing this form I am hoping that you can see a methodology to improve your exam scores in the future... plus it may assist you in preparing for the comprehensive final exam.

I will *subjectively* measure the amount of effort you place into this assignment and determine the portion of the ten points to be awarded based on the effort applied.

This assignment is **due in recitation during week 7**. Late assignments will not be accepted.
